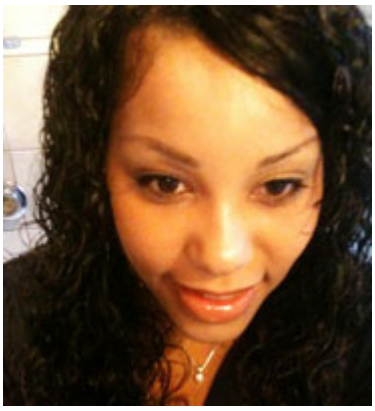
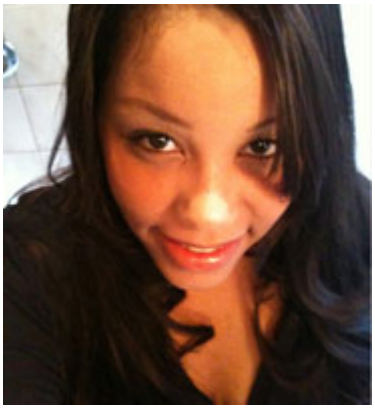
Whitney: Curly Indian Hair with Highlights Added

2 x Curly Indian Hair Weaves and 2 Curly skin wefts were used in Whitney's install.

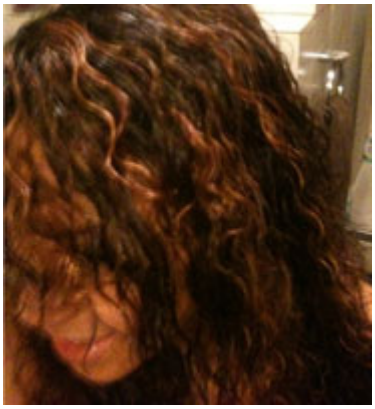


1.Curly Indian hair extensions just washed, still wet.



2.Virgin Curly hair extensions straightened bone straight with a flat

iron on medium heat, no serum used.



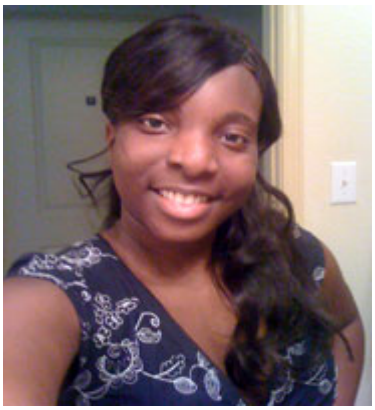
3.Lighter highlights added, hair washed and left to air dry. Notice how the natural curly comes back even though the hair has been straightened.

Jessica: Wavy Indian Hair & Lace Front

Jessica's Wavy Indian human hair extensions and Wavy Lace Frontal complement themselves into beautiful hairstyles.

1.Wavy Indian hair just washed and conditioned, then left to air dry. It's so nice and soft.

2. See how just a little bit of styling can really liven up the hair, it's so full and luscious. All I used was some water and a blow dryer.



3. It's so easy to pull back in a ponytail. Tanisha ordered the machine weft and the track is still not noticeable.
